

WFN RG ADCD, BIENNIAL MEETING, HONG KONG, NOVEMBER 2014
FYRE POSTERS & MINI-SYMPOSIUM
(last update 17 November 2014)

FYRE – MINI SYMPOSIUM

1. The Fifteen minute Assessment of Cognition over the Telephone (FACT): A new telephone interview to monitor cognitive status. *Jwala Narayanan.*
2. Longitudinal study of multi-domain cognitive change in MS. *Ramune Margeviciute.*
3. Cerebral microbleeds and cognitive function in ischemic stroke or transient ischemic attack patients. *Zhaolu Wang.*
4. Influence of amyloid-beta upon cognitive decline in vascular cognitive impairment. *Liu Wenya.*
5. Functional changes in the language network in response to increased amyloid β deposition in cognitively intact older adults. *Katarzyna Adamczuk.*

FYRE – POSTER COMPETITION

1. Numerical ability in Mild Cognitive Impairment and Dementia. *Prerana Sabnis.*
2. Verbal Fluency in Multilinguals: Comparison between English and Indian languages across mild cognitive impairment and Alzheimer's disease. *Jwala Narayanan.*
3. Clinical features and white matter changes of behavioural-variant frontotemporal dementia with the *C9orf72* gene expansions. *Bonnie Lam, Gail Robinson.*
4. Pulse pressure and cognitive decline in subjects with white matter changes. *Zhaolu Wang.*
5. Amyloid PET imaging in cognitively normal older adults: Comparison of ^{18}F -flutemetamol to ^{11}C -PIB and CSF measurements of $\text{A}\beta_{42}$. *Katarzyna Adamczuk.*
6. Visual Cognition Impairment in Multiple Sclerosis. *Ramune Margeviciute.*
7. Risk factors for delayed cognitive impairment after stroke and transient ischemic attack. *Liu Wenya.*
8. Current practice of motor examination in dementia clinics across the world - an on-line survey. *Alex Symonds, Thomas Bak.*
9. Semantic and non-semantic routes in picture and word naming in Persian speakers with aphasia. *Mehdi Bakhtiar, Reyhane Jafari and Brendan Weekes.*

10. Argyrophilic grains in a patient with frontotemporal lobe degeneration and dementia with Lewy bodies: a clinicopathological report. *Jia Liu, Ming-wei Zhu, Thomas Arzberger, Lu-ning Wang, Jian-ping Jia.*
11. Peroxisome proliferator-activated receptor gamma agonists for Alzheimer's disease and amnesic mild cognitive impairment: a meta-analysis. *Jia Liu, Lu-ning Wang, Jian-ping Jia*
12. A Sri Lankan Cross Cultural Study: Exploring the feasibility of a Dementia screening test. *Sahan Mendis.*
